### BEST FAIR EVER HELD HERE.

Universal Opinion of the Community  
—Good Weather Except Tuesday Morning.

There was no division of opinion as to the excellence of the Jasper Fair this year. The folks at home and the visitors were all of one mind and pronounced it the best fair ever held here.

A little sprinkle Tuesday morning caused some apprehension, but after that the weather was ideal throughout the three days. Then it rained. Late Thursday night rain began falling, and it rained or drizzled almost continuously throughout Friday, Saturday, Sunday, Monday and Tuesday. Wednesday morning the sun came out again and we are all set for some more of Southwest Missouri's fine fall weather.

The saddle horse exhibition put on by Ed Hall of Carthage with his fine horses was a treat to all. It is seldom we have an opportunity to see such superb animals as Mr. Hall shows. He has been showing in state fairs all over the middle west this fall and of course does not visit places the size of Jasper. However, Mr. Hall complied with the request of friends here to show our people some of his horsemanship which he did at considerable expense and inconvenience to himself.

The success of the fair this year was due to the unselfish and active cooperation of the officers and committees in all departments. None of whom were more active, persistent and tireless than C. O. Wine, the president, to whom a great share of the honor for the success of the fair should go.

The livestock premium winners will be found elsewhere in the paper and the winners in other departments will appear next week.

### Rockport Store Closed Up.

Mr. Hadel, manager of the Rockport Department Store, closed his doors Saturday night and began packing up what remained of the Cordz and Son stock, preparatory to moving it to the Rockport Company's main store at Rockport, Mo.

The building thus vacated is on one of the best corners in Jasper and has long been occupied by one of Jasper's best stores. No doubt some one will see the advantages of this corner and lease it.

### The Base Ball Games.

The base ball games during the fair were largely attended and afforded much fun for lovers of the game.

Tuesday the game was played by a team of Odd Fellows against on Anti-Horse Thief team and resulted in a score of 10 to 1 in favor of the Odd Fellows.

Wednesday the Hannertown team from 8 miles east on the Base Line played Jasper and won, 12 to 5.

Thursday Jasper shut out Nashville, the score being 9 to 0. Glen Stemmons of Carthage pitching for Jasper let Nashville down with three hits. Benton Cearnal, short stop for Jasper brought the crowd to its toes in the sixth inning by snatching a line fly out of the air above his head and cutting off two runs, Nashville having runners on second and third at the time. It was quite a classy play.

Stemmons showed some fine fielding from his position and got three hits himself.

### The Baby Show.

The baby show at the fair last week was the biggest exhibition of babies ever held here. There were 70 of the little embryo men and women. They smiled and laughed and wriggled, and some of them cried, but it was a great baby show.

The judges were Robert Rex of Lamar, Wm. Rice of Lockwood and John Haywood of Dadeville. According to the judges, the following was the score:

Prettiest baby girl under 1 year, Irma Lee, daughter of H. F. Joyce and wife of Boston; second, Fern, daughter of Charley Hane and wife, west of Jasper.

Prettiest girl baby 1 year and under 2, Mary Belle, daughter of Harrison Waltz and wife, east of Jasper; second, Margaret, daughter of C. L. Embree and wife of Jasper.

Prettiest boy baby under 1 year, Harvey J., son of Roley Briggs Briggs and wife; second, Harry Morton, son of Herschel Radford and wife, east of Jasper.

Prettiest boy baby 1 year and under 2, Carl, son of E. A. Seifert and wife of Jasper; second, James Edwin, son of R. T. Cassil and wife of Joplin and grandson of Rev. E. H. Sapp.

Prettiest twins, Donald Emerson and Dorothy Evelyn, son and daughter of Harold Campbell and wife; second, Beulah May and Eulah Dean, daughters of Ira Williams and wife from near Boston.

The sweepstakes baby was Harvey J. Briggs, who won first in the class of boys under 1 year.

It may possibly be that the above decisions did not quite meet the approval of all the mothers of the babies, but no doubt the judges did the best they could.

### In Appreciation.

I wish to express my personal appreciation of the faithful and active cooperation of all officers and committees of the fair association, and assure them all that it was only due their earnest efforts that the fair was made such a splendid success,

C. O. Wine.

### Mrs. Harold Richardson Hurt.

Mrs. Harold Richardson was struck just below the breast bone by a base ball while watching the game last Thursday afternoon. The blow loosened a rib from the breast bone and Mrs. Richardson suffered much pain from the injury, but is recovering nicely now.

## Building Material Prices Reduced.

All building material prices have recently been reduced excepting sand, chates and cement. From the peak prices, early this year to the present there has been a decided reduction and, no doubt, the bottom price has not been reached. Manufacturers claim that lumber is being marketed now for less than cost of production, so the prices are bound to advance again in the near future.

Why not build now while prices are down? Call on us and let us figure with you. There is not likely to be any reduction in cement, sand or chatts this year and the great demand for this material for road purposes, will probably cause higher prices in the spring along with the advance in other building material.
